MANATEE ADULT LEADER TRAINING [MALT]  
 18 March 2017

This is the class schedule for MALT training showing classes, times, and locations. A smorgasbord of training has been prepared for both pack and troop leaders as well as pack and troop committees. This training is offered once annually, so everyone is encouraged to take as much training as their time will permit. Maximizing this training opportunity will assist you in maximizing your units' ability to present a productive program to the youth in your unit.

There is a \$5.00 food cost for this training, and you must provide your own camping chair and drinking cup. Also, remember to register with the Southwest Florida Council prior to March 12 so we can insure we have the requisite instructors, food, and handouts present.
