

Sea Scouts

Ship 459, Cortez FL

Sea Scouts is a coed program for teens and young adults ages 14–20 (or 13 and have completed the eighth grade) based on Maritime skills and water adventure. Our Manatee County program started in January 2013 and is sponsored by our Charter Organization: **Turner Maritime Challenge at Cortez** and administered by: **F.I.S.H.** Florida Institute for Saltwater Heritage.

We learn sea craftsmanship and are privileged to use handmade and historical water craft and vessels that are owned by F.I.S.H.
